My dear Mrs Chapman.

I received in due time the letter of miss Wetherill together with photograph of the Quaker Home Denver Colorado, addressed to you for my guidance. I sincerely thank you for your goodness, I have been expecting to call personally and thank you, but Mrs Potts has been away for nearly two months and I have been to see her nearly every week thus taking from my time here. In this world it is the little, nameless, unremembered acts, of kindness and love that is the best portion of a good mans life.

Again thanking you I am

Most gratefully yours

H C Potts
